The Eagle

The Eagle presents a well-conceived layout with an open-concept living area designed for relaxation and entertainment. Key highlights of the Eagle floor plan include:

- A generous primary suite offers a secluded retreat complete with a dedicated **walk-in closet and expansive primary bathroom.**
- You'll be greeted by a stunning **open layout** that bathes the space in natural light and creates a serene atmosphere.
- Having a **laundry room down the hall** from the bedrooms provides added convenience while allowing for efficient multitasking.
- An **outdoor covered porch** provides an inviting outdoor living space, perfect for year-round enjoyment and creating cherished memories.

The Eagle is a charming home that beautifully balances aesthetics with the everyday needs of a modern family, creating a perfect haven for your loved ones.
